

EXPANDING THE SCOPE

Virtual course with didactic and interactive demonstrations.

FRIDAY OCTOBER 1ST, 2021

**Advanced and Basic Competencies (ABC's) in
Shoulder, Wrist, Hand and Ankle Ultrasonography
for the Rheumatologist**

SATURDAY OCTOBER 2ND, 2021

**Ultrasonography in Rheumatoid Arthritis
and Psoriatic Arthritis – unique features and
proposed scoring systems**

INTERNATIONAL FACULTY:

Carlo Martinoli
Emilio Filippucci
Gurjit Kaeley

CANADIAN FACULTY:

Sibel Aydin
Alessandra Bruns
Lih Eder

COURSE DIRECTORS:

Abraham Chaiton
Johannes Roth

**Virtual Course | Register Online: crus-surc.ca/courses/
Registration Fee: \$249 CDN**

ULTRASONOGRAPHY OF THE SHOULDER, HAND AND FOOT – EXPANDING THE SCOPE

FRIDAY OCTOBER 1ST 2021

12:50 – 13:00 Welcome and Course Outline – Johannes Roth and Abraham Chaiton

13:00 – 13:40 Ultrasound dissection of the rotator cuff – Carlo Martinoli

Objectives: After completion of the program participants will be able to

- Review the sonoanatomy of the shoulder including the rotator cuff
- Discuss the sonoappearance of the joint capsule of the shoulder
- Differentiate structures of the rotator cuff interval

13:40 – 14:10 Demonstration of ultrasound findings of the shoulder – Alessandra Bruns

14:10 – 14:15 BREAK

14:15 – 15:00 Anatomy of the hand and wrist – Alessandra Bruns

Objectives: After completion of the program participants will be able to

- Review the sonoanatomy of the wrist and hand
- Discuss the various joints, tendons, entheses and other soft tissue structures
- Differentiate physiologic findings from pathology

**15:00 – 15:40 Demonstration of Ultrasound Findings of the wrist and hand
– Alessandra Bruns**

15:40 – 15:45 BREAK

15:45 – 16:30 The Ankle – Johannes Roth

Objectives: After completion of the program participants will be able to

- Review the sonoanatomy of the ankle
- Discuss the various joints, tendons, entheses and other soft tissue structures
- Differentiate physiologic findings from pathology

16:30 – 17:00 Demonstration of Ultrasound of the ankle and foot – Johannes Roth

ULTRASONOGRAPHY OF PSA AND RA

SATURDAY OCTOBER 2ND 2021

09:00 – 09:40 Psoriatic Arthritis – a detailed look at the many findings that can be demonstrated with ultrasound in Psoriatic Arthritis – Lihi Eder

Objectives: After completion of the program participants will be able to

- Discuss sonopathologic findings in Psoriatic Arthritis

9:40 – 9:45 BREAK

09:45 – 10:15 Proposal for a sonographic scoring system in PSA – Sibel Aydin

10:15 – 10:55 Rheumatoid Arthritis – a detailed look at the many findings that can be demonstrated with ultrasound in Rheumatoid Arthritis – Emilio Fillippucci

Objectives: After completion of the program participants will be able to

- Discuss sonopathologic findings in Rheumatoid Arthritis

10:55 – 11:00 BREAK

11:00 – 11:40 Review of Scoring systems in RA and proposal of a new sonographic scoring system – Gurjit Kaeley
